Achour Mariem

FullStack Web Developer

⚇ Profile

I am a final year software engineering student at Polytechnic School of Sousse, i am a motivated and ambitious person with a solid background in developement. I am able to work independently or as a team and manage multiple tasks simultaneously while meeting the deadlines. I'm currently seeking a 6 months final year project Internship.

💼 PROFESSIONAL EXPERIENCE

Web Development Internship   *jun 2023 - September 2023*

Envast, Tunisia

The ESS football team wanted to develop a cross-platfrom mobile app that allows its fans to check the teams latest news, updates and match results while contributing small donations to the team through a custom made ad-providing system

- Met with the team to understand their needs and requirements.
- Divided the tasks into sprints in JIRA.
- Developed the endpoints and the admin dashboard for the ESS mobile app using Laravel.
- Worked with the frontend developer to understand the API endpoints structure.
- Created a custom ad-providing service for the product
- Conducted weekly product owner meetings to track app development progress.
- Delivered the MVP version of the app in time to the client with all the needed functionalities, including OTA updates and push notifications.

Web Development Internship   *Jun 2022 - July 2022*

Makerlab, Tunisia

Create a web app using Laravel to manage projects, trainings, machines and events

- Conducted up-to-date product owner meetings to track app development progress.
- Developed the web app using Laravel, Livewire et Bootstrap.
- Delivered the MVP version to the company
- Synced my work to Gitlab

Web Development Internship   *February 2022 - May 2022*

Tunisian Modern Newspaper, Tunisia

Participation with a group of Four colleagues of an online blogs, new, events & podcasts website

- Created the mock-up design using FIGMA.
- Developed the website using reactJS.
